

Creating a Login.gov Account

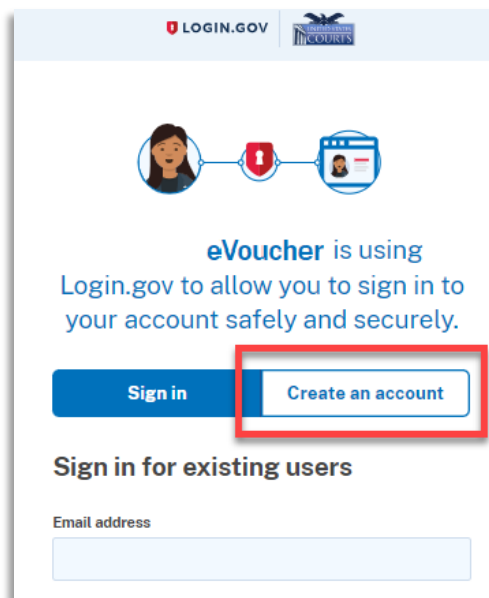

Step 1

On the eVoucher sign-in page, click **Sign in with LOGIN.GOV**.

Step 2

On the Login.gov page, click **Create an account**.

Step 3

Enter your email address, and then select your email language preference. Click the **Rules of Use** link, read the Login.gov Rules of Use, and then select the **I read and accept the Login.gov Rules of Use** check box. Click **Submit**.

Note: Login.gov recommends that you enter a personal email address that you can always access, not a work email address.

For your security, we clear what you entered if you don't move to a new page within 15 minutes.

Your Login.gov account is now created, and you are directed to add an authentication method. Continue to the next section and follow the instructions to complete this requirement.

Note: Once your Login.gov setup is complete, you will **ONLY** use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them.

Adding an Authentication Method

Login.gov requires that you set up at least one authentication method when creating your account. However, it is recommended that you select **at least two authentication methods** on different devices so that you have an alternative way(s) to sign in to eVoucher if your primary method becomes unavailable.

Step 1

Select your first method of authentication, and then click **Continue**. Authentication methods include security keys, government employee IDs, authentication applications, text or voice messages, or backup codes.

Authentication method setup

Add another layer of security by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

☐  **Authentication application**
Download or use an authentication app of your choice to generate secure codes.

☒  **Text or voice message**
Receive a secure code by (SMS) text or phone call.

☐  **Backup codes**
A list of 10 codes you can print or save to your device. When you use the last code, we will generate a new list. Keep in mind backup codes are easy to lose.

☐  **Security key**
A physical device, often shaped like a USB drive, that you plug in to your device.

☐  **Government employee ID**
PIV/CAC cards for government and military employees. Desktop only.

Continue

Note: Every time you sign in to eVoucher you are required to authenticate, so make sure you use an authentication method that's easy for you to access. For these instructions, the **Text or voice message** option is selected.

Step 2

To authenticate by text or voice message, in the **Phone number** field, enter your phone number to receive a one-time code by text message or phone call, and then click **Send code**.

Add a phone number

We'll send you a one-time code each time you sign in.

Note: It is recommended that you use a different device for your second authentication method, even if you choose the same setup option. For example, if you chose text or voice message as your first method, you can do the same for the second, as long as you use a different phone number.

Identity Verification

To access eVoucher, you must verify your identity by uploading an acceptable form of identification (driver's license or state ID). This added security measure is to ensure that you are you and not someone pretending to be you.

Note: This is a one-time identity verification; if you have previously proven your identity through Login.gov, you are not required to do this again.

Step 1

If you've previously created a Login.gov account, you will be asked to verify your identity after signing in to Login.gov from the eVoucher sign-in page. If you're in the process of creating your Login.gov account, this step automatically appears after you've established your multi-factor authentication method(s). Click **Continue**.

The screenshot shows a web page for identity verification. At the top, there are logos for LOGIN.GOV and the courts. The main heading is "Let's verify your identity for CJA eVoucher User Acceptance Testing". Below this, a paragraph states: "CJA eVoucher User Acceptance Testing needs to make sure you are you — not someone pretending to be you. [Learn more about verifying your identity](#)". Under the heading "You'll need to:", there are four numbered steps: 1. Take photos of your ID (with a note that only driver's licenses or state ID cards are accepted), 2. Enter your Social Security number (with a note that a physical SSN card is not needed), 3. Match to your phone number (with a note about matching personal information and receiving a code), and 4. Re-enter your Login.gov password (with a note about password security). At the bottom, there is a blue "Continue" button, which is pointed to by a red arrow.

Step 2

To continue, select the check box allowing Login.gov to ask for, use, keep, and share your personal information to verify your identity, and then click **Continue**.

Getting started Verify your ID Verify your information Verify phone or address Secure your account

How verifying your identity works

Identity verification happens in two parts:

Verify your identity

We'll ask for your personal information to verify your identity against public records.

Secure your account

We'll encrypt your account with your password. Encryption means your data is protected and only you will be able to access or change your information.

☒ By checking this box, you are letting Login.gov ask for, use, keep, and share your personal information. We will use it to verify your identity.

Note: It is important to remember that changing your SLP email address does not change the email address associated with your Login.gov account.

Updating Your SLP Password

After you link your Login.gov account to your eVoucher account, Login.gov handles all password changes and forgot your password requests. The Login.gov logo is visible in the Password section of your SLP account information; you do not have the option to edit your password from here.

The screenshot shows a web interface for a 'Single Login Profile'. At the top, there are navigation links: 'Help > Single Login Profile', 'Back to List', 'Edit User', and 'Assign Roles'. The title of the page is 'Single Login Profile – Morales Attorney'. Below this is a section titled 'Account Information' with a minus sign icon. The section contains four fields: 'First name' (Morales), 'Middle name' (-), 'Last name' (Attorney), and 'Suffix' (-). To the right of these fields is an 'Edit' link. Below these fields is the 'Email address' field, which contains 'MoralesAttorney210@gmail.com' and also has an 'Edit' link. At the bottom of the section is a 'Password' field, which is highlighted with a red box and contains the 'LOGIN.GOV' logo.

Note: Login.gov is a separate application from eVoucher. For password assistance, visit their Help center page at <https://www.login.gov/help>.
